BELIEVED CHAIRMAN’S 70TH BIRTHDAY

Birthday’s are always a special way to commemorate life. Time flies like an arrow running 70 is a mile stone become, celebration itself says a long way of achievement and looking forward for future. Our esteemed institution celebrated our honorable, privileged chair person Mr. P. M. GoPalan on 22nd April, 2012. Year by year our golden person has taken immense pain in shaping up, Our GAISS Family, and great pleasure in carrying and serving our well being. He is courageous enough to experiment all new aspect to bring in best possible education to the children. On a whole, He is an apt for, the Irish saying, “The Older the Fiddle, the Sweeter the tune”, we pray, the almighty for his happy, healthy and a peaceful life ahead.

Amidst the excitement, we also celebrated the farewell party for 10 students [2011-2012] with our family get-together. We also take the opportunity to wish all our students a colorful, bright, serene and a successful future.

CONTRIBUTION TO SMILE FOUNDATION

It is rightly quoted that “If you want to touch the past, touch a rock. If you want to touch the present, touch a flower. If you want to touch the future, touch a Life.” We, Geethaanjali’s, strongly believe that there are two ways of spreading light - either to be the candle or the mirror that reflects it.

Children are the future of a nation. They are makers of change and the key to the future. Educating them is therefore crucial to “Catch them young” and inculcate in them the compassion — to empathize and the conscience — to act responsibly. Smile Foundation is a national level development organization working in 22 states of India and directly benefitting over 2 million under privileged children so far. The CHILD FOR CHILD (CFC) programme is such an initiative of Smile Foundation that brings together children from both the backgrounds — affluent and deprived. In an attempt to foster in the affluent children a realization about the plight of the less privileged counterparts and cultivate in them a sense of responsibility, early on in life. The realization of the privileges they are born with, eventually helps them in developing into successful social individuals.

We feel very happy for having travelling with the Smile Foundation since 2011. We are proud for having created a sense of social responsibility in the minds of the children from classes Kinder Garten to XII, which is evident through their generous contributions. We also thank the parents, who have supported and motivated the children throughout the process. During A.Y. 2011-12, the children had contributed an amount of Rs. 2,55,835/-, which was highly appreciated by Smile Foundation.

Geethaanjali sets new records and we are the ones who break them too. . . . The Smile foundation team was astounded, when the contribution from our children pooled to a huge amount of Rs. 2,83,151/- during the current A.Y.2012-13. The demand draft was handed over to Ms. Murthaza Begam, CEO, Smile Foundation and Ms. Kala Venkai, Manager - CFC on the special day of Ero Dhanambaindy’s Farewell on 16th September 2012 by our honourable Mrs. Ponni, Superintendent of Police, Erode District.

“NEVER WORRY ABOUT NUMBERS. HELP ONE PERSON AT A TIME, AND ALWAYS START WITH THE PERSON NEAREST YOU.”

MOTHER TERESA

CONGRATULATIONS

This has been proven true, when our Principal Mrs. V. Subbulakshmi, flew half way around the globe to USA with a zealous quest for enrichment in the field of education. She was selected as an ambassador in November 2011 along with her 4 team members from the Rotary District 3202 to Rotary District of Cleveland 6630 to visit USA for a period of four weeks for the Group Study Exchange programme between the two countries of India and USA during March 2012. Her team members were Mr. Nanditha Satheesh Menon - a professional classical dancer from Kerala, Ms. Hemalatha Subramaniam – a woman entrepreneur from Tirupur, Ms. Diene – a lawyer by profession from Kerala and their team was led by Ms. Chandralakshmi Nambar – a lawyer by profession from Tirupur.

The main essence of the programme was to have a boundary-less exchange and sharing of ideas, thoughts and culture between the Indian ambassadors and the host country of USA. Each member was given choice to opt an area of special interest during the trip. Being an educationalist, our Principal had suggested to discern and acquaint upon the education system present at USA. After a series of orientation programs at different Rotary clubs of Dist. 3202, the team departed from Coimbatore on 16th March 2012, with all the prayers of the GAISSS family for a safe journey. The team landed at Cleveland, USA on 19th March 2012.

There were presentations and conferences almost every day on the Rotary club visits and about the cultural heritage of India. The Heads of the institutions at Ohio, Cleveland, USA were highly impressed by the methods of education followed in India. The team was on top of the world, when a student said that she was highly inspired by her personality and confidence. The student admitted that she didn’t have any high opinion to become a teacher until then, after meeting our Principal. She was impressed and revolutionized by her views and exclaimed “ONE DAY, I WOULD BECOME A TEACHER”.

It was a memorable visit to the Mentor Middle School, where she had a thrilling experience with the middle school students and taught Science and shared about the ways and methods of teaching, way back in the country. The culmination of the GSE programme was in South Ohio at the Kent State Liquid Crystal Institute. It was the greatest opportunity to present a paper on the current education scenario in India in the same University. She was highly applauded with a standing ovation by all the dignitaries for her thought provoking talk about learning three languages – English, Tamil and Hindi, our mathematical calculation capabilities, treasuring our culture and traditions right from the grass root level, inspiring moral values and ethics at all levels, treating teachers equal to God, respect for elders, motherly care and affection to each and every child, and so on. The team was given an emotional farewell before their departure to India by the Governor and his team with their families.

The team was on top of the world, when the Governor remarked that it was the best GSE team he had ever hosted. During the time span of three to four weeks of stay with various hosts, our Principal got emotionally attached and thanked them all for their support and hospitality. They prayed for a safe return of the team to India. With lot of enrichement, but heavy hearts, the team left for India carrying magnificent memories of the Group Study Exchange trip. The team landed safely back to India on 18th April 2012. The Principal’s views on the trip to USA, amounted, “this GSE experience was once in a life time event for me.” She really felt privileged for undertaking such a trip and thanked the people of Rotary District 3202 and 6630 for the most fabulous opportunity.

Young Directors of GAISSS

Today’s children are tomorrow’s citizen. Our former president Dr. A.P. Abdullhalim wanted India to become a fully developed country by the year 2020. So if India has to be a developed nation various social evils has to be abolished from the country.

This is merely in the hands of the youth. Children are the pillars of the nation. Their emphasis should not only be in academics but also in improving the nation. In the support of this short film “VIDHAIPOM” on the social issue on Road safety and Right to Information was directed by Shanmuthy, Yashtriyum & team. The young directors released the movie on 18th Feb 2012 – GAISSS 7th Annual day function.

As we all know that the rainy season is suitable for sowing seeds. Cultivation of good thoughts should be made in the tender age itself in order to bring up the children with good character, for a seed that grow into a bountiful and fruitful tree, the obstructing obstacles must be cleared from the path. Hence, the seeds resulting to evil issues should be removed. Keeping this in mind, the “Ratnas” of our school have evolved much in the shaping of the glorious “VIDHAIPOM”.

This short film by our students of Geethaanjali has created waves in our midst as it created widespread awareness to the youth of the country. Hats Off !!! To our young directors for the sincere efforts in making a picture on RTI & Road safety.

This film VIDHAIPOM sowed the seed of social responsibility among the little hearts of eminent young generation.

Long Live India!!

Kite Day

Men’s inherent wish to fly high and reach the sky would have surely made him invent the kite and fly it high, giving him the feeling and satisfaction that he can fly to touch the sky as high as he wants.

A kite is the limit, however you go without it, you will get back on the path that you have travelled and don’t be so proud for flying high. This was the theme of the KITE DAY which was celebrated by the school on 24th June 2012. The clear blue June sky was enlivened by kites of different hues. These kites were made by students of class III.

Children flew kites rejoicing in the spirit of the day. Kites were soaring in the sky, their strings moving as if alive, and fun-loving rivalry to outdo each other was witnessed on the ground. Watching the colourful sky was indeed a feast to the eyes reminding us the words “Long Live the Flying Kites”.

Blood Donation Camp

Dr. R.KRISNAN KUMAR M.S., Hospital Superintendent, Govt. Head quarters Hospital, Erode honored the campaign and addressed the students of 8th to 12th about the medical aspects of blood donation and the benefits to the donors.

This World blood donors day which has added a milestone in creating awareness among our students and parents that even our small efforts acts in saving few valuable lives of mankind. For the life savers this year, our GAISSS family honoured them as ‘HEROES’. They are the REAL HEROES.
KONEG SAHODAYA SCHOOLS COMPLEX - FIRST SPORTS MEET

THE FAVOURITE PART OF ANY GAME IS THE OPPORTUNITY TO PLAY!

It is with this same sentiment that the P’ Kongu Sahodaya Schools Complex, Sarvangamankalan, Annual Sports Meet was conducted on 9th & 10th of December 2011. It was a grand event at V. O.C. Stadium, Erode. The ground was most enthusiastically decorated by putting in utmost efforts, literally, by all the sports teachers of the school. KSSC is very fortunate to have a very dedicated and comprehensive team of sports teachers.

The inaugural function commenced with the prayer song followed by welcome speech by Mrs. Subbulakshmi, the Secretary of KSSC. The chief guests were presented with bouquet by the students. Then the national flag was hoisted. The various schools (27) of KSSC conducted a ceremonial march-past with utmost discipline and were also accompanied by a pipe band of Geethananjali All India Senior Secondary School. It was followed by oath taking by the athletes, the lighting of the torch and an address by the chief guest. The sports meet was then formally declared open.

The chief guest for the events were Mr. S. Panneer Selvam-Superintendent of Police, Erode; Mr. N.K. Rajanarjan - Chief Educators Officer, Erode; Mr. V. Karunananthi-District Sports Officer, Erode; Mr. Goudauguraju - Secretary, Erode district athletic association. “Winning is not everything, but participation and will to win is everything” - with this punch line the chief guest Mr. S. Panneer Selvam addressed the meeting. The events of the day were 100, 200, 400 & 800m race, relay, long jump, high jump, shot put, javelin throw, discus throw for various age groups. These events evoked a lot of passion among the students with each contestant trying to outdo the other and secure the most prized medal. The intensity and the spirit of the competition would be judged from the excitement of all the schools cheering for their respective school contestants in the events.

The ground reverberated with fervish enthusiasm as the tempo set in with the teachers and the students excitedly cheering them, voicing the spirit of oneness.

The much awaited prize distribution ceremony was then held and the winners in the various sports were felicitated.

It is with this same sentiment that the 10” of the athletic meet concluded by Mr. V. Karunananthi, District Sports Officer, Erode.

Next day the closing ceremony commenced with CCE song followed by welcome address and March past. It was followed by an oath taking by the athletes and the students excitedly cheering them, voicing the spirit of oneness among all till the evening.

The day of the athletic meet concluded by Mr. Pushkar Vohra, AEO(sports), CBSE. Greeting the guests Mr. Pandar Seham addressed the gathering, voicing the spirit of oneness among all till the evening. Finally, the first day of the athletic meet concluded by declaring the school positions for the day.

Senior category(10th to 12th):

K.Sanjay and S.Yogesh of Geethananjali All India Sr.Sec.School won the first prize (District level and was selected for the state level) for their working model "Replacing smoke from vehicles using calcium hydroxide". The Project is a unique one and was well appreciated by all the Judges.

They were awarded cash prize of Rs. 50,000/- for their innovation.

The programme successfully ended with vote of thanks by Mr.Thangaraj, Chief Zonal Officer, Pathiyaa Thalaimurai.

“Extraordinary Innovations cannot be confined….”

VEETUKKORU VIGNAANI 2012

“VeetuKkurry Vignaani 2012” was a state wide competition held to identify young innovators. The competition was split into two categories (Junior and Senior levels). Winners of district level will be competing in state level.

The exhibition was conducted based on the theme “Reduce Reuse, Repair, Recycle”. School students of Erode district got an opportunity to present their ideas on environmental conservation at the science exhibition “VeetuKKuruvignaani 2012” organized by Pathiyaa Thalaimurai at Geethananjali All India Sr.Sec. School, Thindal, Erode-12.

The inaugural function was taken up by Mr. Muni, Science Forum President, Tambirudra.

Many schools in Erode district actively took part in this event, in which senior level includes 76 teams and 170 teams in junior level.

The exhibitions were evaluated by the supervisors Mrs. V. Uma Shankar, Mrs. K. Manniru, Dr.A.K. Vishwak, Mr. R.M. Subramanian, Dr. S. Vardhagupathy, Mrs.P.Krishnabavi of various education Institution, Valiementory function started with lighting up lamp by our district collector Mr. V.K. Shanmugam I.A.S.

The Principal Mrs.Subbulakshmi of Geethananjali All India Sr. Sec School gave the welcome address followed by the special address of the chief guest. Prize was distributed to the prize winners and all participants received certificates for their contributions.

G.Kavita and S.R.Shanthi of Geethananjali All India Sr.Sec. School for their work on “Avoiding water scarcity”, in the Z category (6th to 9th).

WORLD ENVIRONMENT DAY

World Environment Day is an opportunity for us all to get involved in something which is critical for our shared future and work in a co-ordinated manner to empower us all to play an active role in protecting our environment.

The World Environment Day was celebrated on 5th June 2012. On this day, we encouraged all the children to take concrete steps towards making the planet greener and cleaner.

- Plant a tree
- Recycle
- Switch off the lights and fans
- Clean up your school campus

It was inaugurated on the occasion by the President Selvi, S.Shanmathy and members of interact club, who addressed the students and the teachers and the students excitedly cheering them, voicing the spirit of oneness among all till the evening.

The World Environment Day is the future of our world and it is the responsibility of every human being to protect the environment.

"Let’s pledge to spread this message and create awareness among future generations..."
Our school 76th Annual day ceremony was celebrated on Feb 18, 2012. It was based on the concept of our Indian culture.

Mrs. Malliga Paramasivam – Mayor of Erode district and Mr. K.P. Palanisamy – Asst. Mayor of Erode district felicitated our annual day.

Our Principal Mrs. Subbulakshmi delivered the welcome address. The Chief guest Mrs. Malliga Paramasivam addressed the importance in value of education which is provided in our Geethanjalii by our dynamic Principal and Staffs.

She insisted the children to develop the self-confidence and hardwork for their successful life. After her speech, our children showcased their talents to the audience.

by various mind-blowing performances such as – Dance, Vocal, Skit, Yoga and so on. Our kids gave a delicious feast to the eyes of the audience and dignitaries.

The highlight of our function was the candle light ceremony by our students and teachers which symbolises the Unity, Peace and Light to their future. In that lighting ceremony, we took oath regarding the individual strength and spirit.

Our young generic directed and produced a short film ‘VIDHAIPOM’ – which emphasises on a social issue RTI & Road safety that enlightened the viewers.

We Geethanjaliians felt that Music has every note to arouse human hearts. So we had an organized music day celebration by our children. Music has wide areas of interest. The children who performed, chose their areas of interest and gave stunning performances.

Our 7th Annual devotional song “Thamarai malaril amar-Malliga Parasivam addressed the importance in value of education which is provided in our school.”

Our Principal Mrs. Subbulakshmi delivered her speech, our children showcased their talents to the audience. Music has wide areas of self-confidence and successful life. And her speech, our children showcased their talents to the audience.

A play on “Child is meant to learn, not to earn” was also staged on this occasion by S.Shanmathy, the President of Interact club. Keeping in mind that this day should create awareness and build up an inception in the minds of hundreds, we conducted an active visualized session in the campus of our GASSS which was acknowledged by numerous number of students.

The presence of a large number of child labourers is regarded as a serious issue in terms of economic welfare. So each team visited various organization like textiles, hotels, petrol bunks etc and if they find any child labour in a particular organization, they interacted by highlighting the consequences and tried to convince the management.

Children in hazardous working conditions are in worse state. Children who work, instead of going to school, remain illiterate which limits their ability to contribute to their own well being as well as to the community they live in. Child labour has long term adverse effects for India.

Therefore, unless the socio-economic status of the poor families is improved, India has to live with child labour. Therefore the programme concluded with students pledge to contribute their bit in creating the menace and eradicating the menace.

“The world without child labour” vowed to call 1098 and register their complaint whenever they saw an instance.

One traveller lost his way and was in a remote village. He called one of the villagers said, “Dear friend, I need help. I am lost”. The villager asked him, “Do you know where you are?” He replied, “Yes I saw the name of your village at the entrance”.

The villager said, “Then you are not lost, you need only directions”.

The name is applicable to our life. So just take time to know where you are and where you want to be, and then directions and strategies will follow. If you really wanted to be different, you would be in the process of changing now!

So I don’t blame anyone or circumstances for what I am today. I take the entire responsibility, for where I am today, whether it is good or bad. But I have decided where I want to be tomorrow and will be there because I know I can do it!

There are several things related to the colour green. Let us find them by solving the given crossword.

**GREEN CROSSWORD**

**Across**

1. gives the green colour to plants
2. A bird with a red beak that can talk a lot
3. Green
4. A glass house where heat is trapped to grow plants that need warmth
5. a drink that is good for health
6. Precious stone that is green in colour
7. Mixture of ingredients used to make a product
8. A vegetable that rhymes with green peas
9. a vegetable that rhymes with green peas
10. a vegetable that rhymes with green peas
11. revolution introduced the use of high-yielding seeds, modern agricultural techniques, synthetic fertilizers and pesticides in India
12. A country in the kingdom of Denmark
13. A table is used for buying products
14. A country in the kingdom of Denmark
15. a vegetable that rhymes with green peas
16. a vegetable that rhymes with green peas
17. Vehicles get a green to move across
18. Bortaug is the “Father of sequences”
19. the square of nos. played above is called a MAGIC SQUARE...
20. We add beauty to the trees, We cook for plants and trees.

**Down**

1. Colourful uniforms
2. Friendly teachers
3. Big gang of friends
4. Group photos
5. Remarkable marks
6. Joyful cultural programmes
7. Terror report cards
8. School Memorables
9. Pocket money
10. Parent’s letter
11. Justified mistakes
12. Big bag of friends
13. Self-parent’s sign
14. Silly fights
15. SILLY FIGHTS...and yet this is not an ordinary magic square.
16. A teacher always helps students.
17. The square of nos. portrayed above is called a MAGIC SQUARE...
18. One such genius was Albrecht Durer...
19. Square of nos. played above is called a MAGIC SQUARE...and yet this is not an ordinary magic square.
20. The Square of nos. portrayed above is called a MAGIC SQUARE...
22. One such genius was Albrecht Durer...

**SCHOOL MEMORIES**

- Big gang of friends
- Colourful uniforms
- Silly fights
- Friendly Teachers
- Group photos
- Remarkable marks
- Terror report cards
- Self-parent’s sign
- Justified mistakes
- Teachers care
- Principal’s support
- Joyful cultural programmes
- School life is just a Paradise
- So, enjoy your school life.
**The Day with Nature**

It was a long way to village.
Father was worried of mileage.
Mother was happy with package.
Of course, forgetting her sugar and age.

It was a wonderful day with nature.
Cows and bulls around the pasture.
Hens and cocks playing around.
With grains to eat around.

Up the hill went for a walk.
Of nature there was so much to talk.
Drenching in the rain was an adventure.
At home I would not dare to venture.

* Make others Happy.
* Appreciate everyone you meet.
* Forgive before forgiveness is asked.
* Always expect the best, but be prepared for the worst.
* You do not have to win all the time.
* Friends are more important than money.
* Accept yourself as YOU are.

FANTASTIC FACTS ABOUT SCIENCE

- The word "an" has the most number of definitions in English language.
- Mosquitoes are more attracted to the color blue than any other color.
- You use 14 minutes to smile and 43 to frown.
- Keep smiling!
- People say "Bless you" when you sneeze because when you sneeze, your heart stops for a millisecond.
- Each king in a deck of playing cards represents a great king from history.
- It is said that there are more frogs in India than any other country.
- In India, the river Ganges is born. It flows through the hills and valleys, and it enhances the beauty of the land.
- According to ancient belief, the most respected deity is Lord Shiva, and the oil lamps, add to the splendor of the temple.
- The most expensive indulgence - Habit.
- The most expensive indulgence - Habit.
- The green ecosystem is one that results in improved human well-being and environmental equity while significantly reducing emissions.
- Green economy protects earth's ecosystem and contributes to poverty eradication.

THE CHARMING CAVERN RIVER

In the piece of paradise called caves, river caverns are born. Snaking through the splendid hills and valleys, it enhances the beauty of the land. On the banks of this stunning river, is a forest called Dhulehara. And on the edge of this forest, there are elephants and caverns caves. Corals in a small, light green round bowl, which is stored with water and moves at a gentle pace, with an inviting melody of water that sounds like a jungle lullaby. Each ride on a coral feels utterly blissful. In the river cavern, there are birds, coffee plantations, kingfishers, many flora and fauna. At the banks of river Cavern, there is a temple named Narlunjhnswarda temple. The temple is 840 years old, looks charmingly aged and ancient with its stone structure and pillars. The inside walls and pillars seem freshly whitewashed. The inner sanctum is so huge and the oil lamps, add to the beautiful ambiance of the surrounding light that actually ripples its own.
